How to find us in Neukirch

By car

In the **centre of Neukirch**, take the roundabout towards Bodensee/Lake Constance (Romanshorn). You will now be on Bahnhofstrasse. After approx. 500 metres you will see an AVIA petrol station on the right-hand side of the road. Our office building is located **on the opposite** side of the street. A distinctive feature of our building is its glass front. **Short-term** parking is located in front of the building. If you are visiting us for longer, please park beyond the entrance to the underground car park.

By public transit

The **Neukirch-Egnach** railway station is on the Romanshorn - St. Gallen line.

From Zurich, the fastest and least expensive way is to take the train to **Amriswil** and then take a coach to Neukirch Dorf. From the Neukirch Dorf stop, follow Bahnhofstrasse downhill (towards the lake) for about 500 metres to reach us.

From **Neukirch-Egnach** station, take Bahnhofstrasse uphill (slight incline) towards Neukirch. Note: Please do not disembark at **Egnach** station. That will only extend your walk by an extra kilometre!

Our building is located opposite the AVIA filling station. The main entrance is located in the prominent glass façade. Please ring the bell there
